Society of Qualified Coaches
(ISQC)

Coaching experience

After using coaching skills in various school roles, including Lead Teacher for Gifted and Talented, AfL Lead and Assistant Headteacher, Catherine set up North Star Coaching in June 2017 to provide 1:1 executive, leadership and personal development coaching to CEOs, Headteachers and other members of SLTs and MAT boards. Using a solutions-focused approach, Catherine helps her clients to gain clarity, improve resilience and impact positively on their staff and young people, by increasing their self-awareness of personal strengths, motivators and potential barriers.

Catherine works with schools in the Cheshire, Manchester and Liverpool areas as well as with the DfES-funded organisation, Women Leaders in Education, to coach existing and aspirant school leaders. She is also an NPQH and NPQSL facilitator.

Testimonial

"As a result of my time with Catherine today, I am going to be a better Headteacher, and the children will be at a better school."
