

Sue Webb

LEADERSHIP EDGE COACH

leadershipedge.org.uk

Executive Summary

Sue has a wealth of experience in the education sector, as a teacher, school leader and now as a Leadership and Team Coach.

As a Headteacher of an Outstanding School, Sue spent five years growing individuals and teams, managing significant change, developing a values-based organisation and achieving excellent outcomes for all stakeholders.

Having 'walked the walk', Sue's passion for supporting school leaders is now her mission and the reason for the work she does in schools.

Qualifications

- Leadership Edge Practitioner Coach
- Professional Certificate in Executive Coaching – Henley Business School
- International Systemic Team Coaching Certificate – AoEC
- Wellbeing Coaching Certificate – British School of Coaching
- NLP Practitioner
- National Professional Qualification for Headship
- Bachelor of Education - University of Leeds

Background and Coaching Experience

Sue specialises in coaching leaders, and also other staff who play significant roles within schools. Whether working with senior leaders, middle leaders or newly-qualified teachers, Sue brings her coaching expertise and experience to focus explicitly on what is at the core of the individual, team or organisation – supporting people to discover what is driving them forwards, what their motivators are - and what is holding their growth back.

She challenges her coachees, with support and kindness, to look beyond 'what they do' and ask themselves 'how to be'.

Testimonial

Sue has coached many staff at my school, from senior leaders to NQTs. The impact of their time with her has been profound. Sue skilfully encourages people to dig deep, tap into their 'inner curriculum' and find the best answers for their lives. People often discover unknown qualities within themselves and find the courage and wisdom to act on them.

Darrell Butler, Principal, John Locke Academy
